Description	<p>Passo Penice ski slopes are at the foot of Penice Mountain, between the municipalities of Menconico and Bobbio. There are different levels slopes and, thanks to artificial snow, snow is guaranteed from December to March. Extraordinary opening of the slopes for groups. The ski school area (4500 Sqm), 'Girasole' slope (420 mt long) and 'Diretta' slope (320 mt long) are all supplied with night lights and skilift. Furthermore, there is a timed slope with lit display which works in the evening (with tokens) and, upon request of ski clubs, skiers can challenge each other or time themselves during training.</p> <p>Brand new slopes for bobsled for adults and children: a 70 m slope served by a tapis roulant that takes children on top of the path. GIMKANA 70 m slope with a tapis roulant for young skiers; GIMKANA 160 m served by a tapis roulant for half of its length, then two flights of stairs take skiers on top.</p> <p>Scuola Italiana Sci authorised to teach skiing to disabled people.</p> <p>Ski rental (skis, snowboards, bob sleighs), artificial snow plant. Restaurants a few metres away.</p> <p>Courses and events for schools</p> <p>For schools weeks and /or mornings on the snow</p>
