| Description | <p>Concorto Film Festival, from August 17 to August 24, 2019 is one of the most important and long-standing events dedicated to short films in Italy.</p> <p>It will be held in the public Garden of Pontenure, Parco Raggio, in the presence of the authors, judged by a professional jury (made up of critics, film makers, photographers, actors) that will select the best short films and assign the Asino d'Oro (or Golden Donkey), the festival award.</p> <p>Concorto was born in 2002 and since then it has reached an international importance among the short film festivals. It looks for lesser known works, often made by young film makers, who can find here a new space to show their value.</p> <p>Concorto also takes part as the Italian delegation to the most prestigious world short film festival (Clermont-Ferrand), and has ties to numerous international festivals (such as Silhouette of Paris and the International Kurzfilm Festival of Hamburg). It has also produced two short films and organizes movie and photo workshops for high schools.</p> |
